

Make your wedding unique with Norske Nook's award winning pies. Choose from a variety from Blueberry to Raspberry White Chocolate.

Present your selection on silver tiers or glass stands as an alternative or an addition to a cake display. Consider using our 11" pie as a centerpiece for your guests' tables, or pre-slice into 8 slices for dessert right at the table. You may also serve pies on your dessert buffet to compliment your displays. Mini pies make great favors as well as individual desserts.

You can have a wedding pie display that would envy any tiered wedding cake, and the flavor, texture, and style choices are endless. There is a pie for everyone and every style –fruit filled, cream, crunch, Cream cheese, chocolate, pecan and so many more.

The Chicago Sun-Times reports that more and more people are requesting pie as a supplement to their wedding cake, or else asking to have pie as the main dessert.
